## education

2008 – 2010  
Chicago, IL

### **School of the Art Institute of Chicago**

After completing two years at NSCAD, I decided to finish my degree at SAIC. It turned out to be one of the best decisions of my life.

2006 – 2008  
Halifax, Nova Scotia

### **Nova Scotia College of Art and Design**

Their Honors Design program was outstanding but was, unfortunately, discontinued in 2006.

2003  
Edmonton, Alberta

### **Guru Digital Arts College**

The Digital Media Producer diploma program focuses on graphic and web design software.

## experience

2008  
*Production Designer*  
Edmonton, Alberta

### **Anime**

A theatre production set in modern day Japan about the struggle between tradition and technology, done in the style of anime. I designed a multi-projection system, and content, that interacted with the characters, supported the narration, and created environments.

2004 – 2008  
*Graphic Designer*  
Edmonton, Alberta

### **Omni Technology Solutions Inc.**

Omni is a software developer that focuses on Novell solutions. For four years I was responsible for designing marketing materials and application interfaces.  
[www.omni-ts.com](http://www.omni-ts.com)

1999 – 2003  
*Founder / Creative*  
Toronto, Ontario

### **Lush Visuals**

Lush Visuals was a projection installation collective that performed at nightclubs, music events and the occasional corporate event. I worked with 16mm film and slide projections, VJing, and created custom designed screens and visual environments.

1999 – 2000  
*Production Designer*  
Edmonton, Calgary,  
Toronto, Edinburgh

### **Ecstasy**

The award-winning theatre production, based on the novel "Ecstasy" by Irvine Welsh, toured across Canada and to the Edinburgh Fringe Festival (the largest in the world.) We used 16mm film and slide projections as "set pieces" to recreate the kinetic lifestyle of the Edinburgh club scene.

I am a hard working student seeking a challenging internship.

## skills

conceptual  
composition  
communication  
typography  
workflow

## media

InDesign  
Photoshop  
Illustrator  
Acrobat  
HTML / CSS
